

Medicines Formulary and implementing NICE Guidance

All Hallows Healthcare Trust formulary

All Hallows Healthcare Trust (AHT) is committed to providing our patients with the appropriate medicines.

We are a signatory of the 'New Medicines Policy' of the Therapeutics Advisory Group (TAG), the area prescribing committee that recommends the circumstances in which medicines should be used within the local health economy. This includes medicines recommended for use by NICE.

NICE guidance is reviewed by the Trust's Clinical Audit and Effectiveness Committee, and relevant medicines issues, including formulary discussions, are referred to the Trust's Medicines Management Group.

Information about which medicines have been recommended for use in Norfolk, and where prescribing responsibility lies can be found at:

<http://www.norfolk.nhs.uk/therapeutics-advisory-group>

The Trust's services follow the Norfolk medicines formulary, which can be found at:

<http://www.norfolk.nhs.uk/sites/default/files/NHS%20Norfolk%20Prescribing%20Formularies.pdf>

If you have any queries about medicines use within the Trust, please contact:
